Work Experience

Testronic | Quality Assurance Technician

Jan 2024 – Jun 2026

Performed functional, smoke, regression, and exploratory testing for software and game builds.

Documented and tracked defects using Jira and internal tools, escalating to the leads arising issues.

Reviewed product requirement documents and supported test case writing for the software functionality.

Monitored live builds to identify escaped defects, checking software performance issues and production issues.

Created custom tools using JavaScript for improvement of workflow.

Avasia Information Systems Inc. | Junior Software Developer

Mar 2023 – Jan 2024

Developed and deployed cross-platform mobile applications Android and IOS using Ionic, Android Studio (Java and Kotlin) and Xcode.

REST API Development using SlimPHP and integration to the SPA (Single page application) and code reviews during development.

REST API testing using Postman and performance testing by simulating real-world performance with Postman's collection runner.

Automation UI testing using Selenium Python and Unit testing with JavaScript.

Recreated and optimized existing helpdesk ticketing system for managing and deployment of tech supports using SlimPHP and Mysql.

Created custom dashboards using AdminLTE and ChartJS for tracking and measuring KPI metrics.

Managed AWS EC2 servers, S3 buckets, SQL database and web deployment.

Education

Pamantasan ng Lungsod ng Pasig

Bachelors of Science in Information Technology

2019 - 2023

Skills

Programming: JavaScript, Python, C#, Java, Kotlin, Sql and C++

Cross-platform game development using Unity and Phaser

Workflow Automation (PyAutoGUI , N8N, Power Automate)

Mobile Development and porting (Blazor Capacitor, and Cordova)

Desktop Application development with C#, Blazor Maui, Electron

CMS Management (Wordpress, Woocommerce)

Penetration Testing Kali Linux (Nmap, Wpscan, Metasploit)

Network Configuration and Computer Troubleshooting

Cloud and DevOps (AWS EC2, S3 buckets, Docker)

Custom AI Agent Development (Ollama, N8N, OpenwebUI)

Web Development (React, Vue, Tailwind, Bootstrap)

Automation Testing (Robot Framework, Playwright, Selenium)

Certifications

Cisco CCNA: Introduction to Networks

TESDA NC II: Computer System Servicing

Six Sigma White Belt Certification

AWS Cloud Quest: Cloud Practitioner

IBM: Artificial Intelligence Fundamentals

OPSWAT: Critical Infrastructure Protection
